Salt Lake City, Utah 84114-5801

SUBJECT: Holiday Construction, Inc. Lime Ridge Mine - M/037/081  
State Identification Number: 01-676

Dear Mr. Gallegos:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of Air Quality comments:

The proposed mining operation is subject to Utah Air Conservation Rule (UACR) R307-205-5, Mining Activities, since fugitive dust emissions will be generated during mining activities. A permit, known as an Approval Order, is not required solely for the control of fugitive dust, but steps need to be taken to minimize fugitive dust, such as, watering and/or chemical stabilization, providing vegetative or synthetic cover and windbreaks. According to the project description, other UDAQ requirements, such as equipment permits, have been obtained.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Resource Development Coordinating Committee, at the above address, or call Judy Edwards at (801) 538-1153 or John Harja at (801) 538-1559.

Sincerely,

Natalie Gochnour  
State Planning Coordinator
